proost ceramic coasters

090503 | 090503-x3 | x5

Proost Coasters are a collection of uniquely styled, intelligent coasters, fusing environmental responsibility with classic Steendyk signature patterns. Crafted from ceramic, *Proost Coasters* absorb moisture from condensation and drips, eliminating the problem of coasters sticking to the bottom of your glass or cup. Available in five striking signature designs, *Proost Coasters* add a touch of sophistication and class to any setting.
