BOBBLE

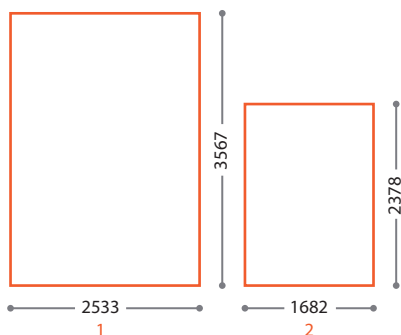

POLYP

SYRUP

RIVA

In collaboration with leading manufacturers, Steendyk has developed a signature range of four limited-edition rugs designed for the contemporary urban habitat. Each piece Syrup, Riva, Polyp, and Bobble is meticulously crafted from premium New Zealand wool, featuring a luxuriously deep cut-pile finish.

Available in a curated palette of colors

Syrup: A study in fluidity, capturing the viscous movement of liquid on a two-dimensional plane.

Riva: Inspired by the sinuous, meandering curves of the Brisbane River.

Polyp: A textural motif derived from the energetic forms of Great Barrier Reef coral.
